

Notes re: Proposed Eviction at Dale Farm.

Road Access/Transportation:

- Damage to road to and from site.
- Damage to caravans and mobile homes from site.
- Who pays for damage?
- Where are vans stored-will they be safe?
- Will they be demolished if they cannot be moved? Compensation?
- Are Oak Road/Oak Lane "adopted"-if not trespass laws apply on private ground.
- If vans are moved across fields -uneven ground-and damage is caused who is responsible-?compensation.
- Damage to trees in Oak Road /Oak Lane from moving vans. Plant and moving machinery ie. Diggers, JCBs will have significant impact on surrounding area.
- Companies involved in transportation of homes-insurance cover for loss, damage or stolen items.
- Invasion of private property and belongings.
- Low Loaders-what care is taken when loading vans?
- Chalets-have to be taken apart-once this is done it is difficult to reassemble so as to ensure structural integrity-weather proofing especially with older chalet types.
-

Health & Safety:

- Overhead cables.
- Gas supply.
- Electricity supply.
- Water supply.
- Gas bottles.
- Fire Services.
- Paramedics-will they be on site for the sick/vulnerable/elderly? (see Boreham Wood video).
- Counselling for people of all ages.
- Future hospital appts.-how to access?
- Continuing medical care-how to access?
- Education-how to access?

When mayhem breaks out (see Boreham Wood video) where do they go-homeless-what provisions have the Council made?
